## Organization Of 'Family Group Of Agricultural Communities Around Lake Okeechobee' Begun

### Democratic Representation Of All Areas With Equal Voting Rights Effected Wed.

#### Fifteen Member Board Of Directors With Five As Executive Committee

With five members each elected from the Canal Point-Pahokee area, Belle Glade-Chosen area, the South Bay-Lake Harbor areas, a Board of Directors for the All Glades Organization of the Belles Development Board began functioning Wednesday night when more than 50 business men and farmers from Canal Point to Clewiston met at the Elks Club.

From this group will be selected three — one from each locality — to act with the President and Secretary as an executive committee of the Board.

Following County Commissioner Paul Rardin's statement that "this is the most representative cross section of folks I've ever seen under one roof in all my years in the Glades, and you may be sure that my associates on the Commission will be told about it Friday morning." We are glad that this great agricultural area is getting together to act as one on projects affecting the area. Herman Close, Mayor Parvish of Pahokee, John L. Evans of South Bay and Luther Jones outlined the importance of Glades cooperation.

Chairman Claude Shipley named the gavel over to Representative Emmett Roberts to introduce the several speakers. Mr. Roberts, a Past President of the RDB emphasized the effectiveness of the organization in Tallahassee and announced the following list of Directors were nominated and unanimously elected by the Board:

South Bay-Lake Harbor area, Sam Henderson, Clayton Ware, Henry Elfers and Frank Wilson with one additional member to be selected later; Canal Point-Pahokee, William Plummer, Dr. R. C. Lane, Curtis Edgins, Boyd Vanhook and Louis Gold; the Belle Glade-Chosen area, Harold Zumpf, Eugene Ellis, Hubert Tillery, Earl Lindrose and Tiny Todd.

## Orders Is Orders! Tho' Inconvenient

Do you know when fifty feet is not fifty feet but 103 feet? It is when you are in the water and you are told to take that of thoughtlessness and read tape!

Carl Inganman and the Mrs. stopped at the Port Mayaca fruitfully barriade, which is located at the intersection of 441 and on State road 76, and asked if they could come back thru Sunday night with a load of fruit from the St. Lucie grove. Sure, said the guard.

Sunday night when Carl and Mrs. returned there was a different guard. He said, "No fruit passes thru here." After futile argument with road patrolmen and a guard, Mr. Inganman turned around to go to Ft. Pierce and across the bridge to get to the St. Lucie grove and then south thru Okeechobee. He passed the St. Lucie bridge and the barricade on 76 within 30 feet of where he had been stopped earlier.

He was waved on merrily by the same guard, and he still had his fruit.

The order is evidently based on the fact that the fruit flies like to travel west, but not south, for both roads lead away from non-infested areas.

It was a Sunday night and the guard was asleep. The Supreme Court has ruled that the authority so often make you and me disgusted. The Supreme Court has ruled that the authority so often make you and me disgusted.

an equalization board, "a flood of people will be before the board for equalization grievances."

Scott charged that Owens was not assessing property according to state law which the attorney said required that "all lands shall be assessed at full cash value. He said a reassessment should be made using 1956 values instead of the 1935 values which now appear on the rolls.

In illustrating his case, Scott advised the commission of a number of recent land sales and compared them to property assessments. He named the following cases: a parcel of land that sold for \$71,000 being assessed at \$93; a parcel sold for \$85,000 being assessed at \$47.80; 1,880 acres selling for \$450,000 being assessed at \$12.20; a parcel selling for \$150,000 assessed at \$650.

Scott also named the Harvey building in the heart of West Palm Beach—being assessed for \$183,000 and added that the owners had refused to sell for \$1 million.

The attorney said state law provides that the county commission is authorized to spend funds for assessing real and personal property but said he knew of no statute which would require the tax assessor to use the special assessment in making up his tax roll.

Assessor James Owens, who had been invited to the Monday meeting to hear Scott's discussion, notified the commission by letter that he didn't plan to be present but that he would be on hand July 1 when the commission receives the annual assessment roll.

The commission took no action on Scott's request but voted to make the attorney's lengthy discussion a part of the commission minutes.

**Farmers Advised To File For Tax Refund On Gasoline By Oct. 1**

Laurie W. Tomlinson, Director of Internal Revenue for the Florida District, announced today that he now has available a supply of the form to be used to claim refunds of the Federal tax paid on gasoline and certain other fuels. The official Form 2240 may be obtained by writing or calling the director's office at 239 Quinary Building, West Palm Beach. They may also be obtained through local county agricultural agents and at many banks and post offices in the district. The public law authorizing this refund was approved by the President on April 2, 1956.

Mr. Tomlinson advised farmers of this area to file their claim with his office after June 30th. Claim is to be made for taxes paid on gas purchased and used for farming purposes between January 1 and June 30. The claim must be filed before October 1.

The director cautioned farmers to read carefully the instructions on the Form 2240 before filing and advised them to keep sufficient records to permit verification of the amount claimed.

Mr. Tomlinson pointed out that the new law authorizing this refund provides a penalty equal to twice the amount of an excessive claim, with a minimum penalty of \$10 provided.

**Attorney Complains Of Unequal Assessment**

A request that the board of county commissioners hire a special board of appraisers to reassess property valuations in Palm Beach County was made this week by Tully Scott who charged that there is discriminatory difference in present assessments.

Scott, a West Palm Beach attorney, some time ago, wrote the commission that he believed present tax assessments as levied by James Owens, Jr., tax assessor, were unfair and unequal.

The attorney appeared before the board Monday to restate his case and to predict that on July 1, when the commission sets as

mates and their husbands and wives, will be present.

Guests will be Principal and Mrs. Frank O. Hobson, Mr. and Mrs. Joseph R. Cherry and class sponsors, Mrs. Ida W. Hardy and Mrs. Monroe Frieman (former Margaret Roberts) and their husbands.

An entertaining program will follow the dinner. Prizes will be awarded for the following: 1. Classmate married the longest; 2. classmate married the shortest time; 3. the one traveling the farthest to attend; 4. one with the oldest child; 5. one with the youngest child. Dancing will be enjoyed following the program.

Ye must be born again. (John 3:7.) Although he subject matter is old, this story is true and it is new - "Ye must be born again."

Let me introduce a friend Jim, even though he was the praiser and I the sheriff. Jim has a degree from Edinburgh University. He is cultured; a gentleman in the real sense of the word. He was the prodigal son, early in life Jim forgot God. He spent forty years as an alcoholic. To use his own word, he became a "bum."

While he was my guest, Alcoholics Anonymous worked with him. I worked with him my way. Between us, by the grace of God, we helped Jim through the travail of a new birth. Today Jim conducts a one-man Sunday school in the backwoods.

Last year Jim wrote me a letter. Here is part of it: "It's a wonderful feeling to believe in and have a Friend in the Lord Jesus Christ. I am sorry that I wasn't born again much sooner. . . . I am looking forward now and not backward; I was lost but have now been found."

**PRAYER**

We thank Thee, Father, for the opportunity to be born again - an opportunity made available to us through the love of Jesus Christ. Once dead in trespasses and sins, we are now made alive again through Jesus Christ our Lord. In His name we pray. Amen.

BGHS To Get An Honor System?

Along about the middle of the school year, senior class president Leo James came up with the idea of an Honor System for BGHS. Honor Systems have been used extensively and usually successfully throughout the nation's colleges, and in some high schools. Leo introduced the idea to his own class and they too, thought it was what BGHS needed, since there had been quite a bit of cheating going on in the school. From the senior class were chosen a few students who were much in favor of the system, to visit the junior class and put the idea before them. From there, a few juniors were selected to go with the seniors to the sophomore class, and so on. The students who were in favor of the honor system became very enthusiastic about it and made it their business to persuade the others that it was a good idea. It soon became a saying around the school "If you don't want it, you're afraid of it." The far sighted thought of the honor system would have a great part in moulding a students character and convinced the majority of the student body that the Honor System was a good thing for BGHS. They wrote up an honor system constitution which will be presented to the student body for a vote next year. It is entirely upon next year's student body as to whether there will be an Honor System in BGHS or not.

This is the way part of the constitution reads: LAWS: (1) Every student of BGHS will be required to sign a pledge of his honor. (2) There will be no cheating at any time under any conditions. (3) Under no circumstances will a student be allowed to interfere with another's personal possessions (locker, gym, physical ed supplies, football equipment, etc.) without the written permission of the owner and/or assistance from a member of the faculty (4) It is not compulsory for a member of the Honor Court to be a member of the Student Council. (5) At no time will anything discussed in proceedings of the Honor Court be revealed outside. (6) There will be no stealing or damaging of property while representing BGHS (sports club activities, class parties, etc.) (7) Any person upon seeing a violation of the Honor Code, will be expected to report same to the Honor Court. Amendments to the Honor Court constitution may be made by a 2/3 vote of the members of the Honor Court. Procedure: (1) A written summons shall be served within three weeks of the alleged crime. (2) Witnesses will not be required to appear at the trial of the accused, except upon request of the witness. (3) All cases will be investigated before trial. (4) A confidential report of all violations brought before the Honor Court will be kept in the Confidential file. (5) The Honor Court will punish only violators of the Honor Code. Jurisdiction: All members of the Honor Court will be expected to attend all meetings of the same, including members of the faculty. In the event that any member of the Honor Court misses two consecutive meetings without an excuse, he will be required to submit his resignation. Composition of the Honor Court: (1) The Honor Court will be composed of members of the ninth through twelfth grades, two members from each class, to be chosen by the faculty. (2) There will be two representatives from the seventh and eighth grades who will be allowed to sit in on some of the procedures but will have no voting speaking power. (3) There will be two members of the faculty on the Honor Court who will be advisors only and will have no voting power. (4) All members of the Honor Court will be called judges. The chief judge is called the Chancellor, who will be a senior and will have had experience in the preceding year(s) on the Honor Court. (5) The Chancellor shall direct and be responsible for the performance of all duties and functions of the Honor Court and its members. (7) The clerk, who will be a member of the faculty, shall assist the Chancellor at his direction in the performance of his duties. He shall prepare and preserve a written record of all procedures and actions by the Honor Court. (8) All members of the Honor Court will be required to have a standing "C" average. Punishment: Penalties for the violation of the Honor Code will be within the discretion of the Honor Court, but shall not exceed: First Offense, a zero on the test and/or recommendation for suspension from that class for 1-5 days.
